On November 9th, join your regional library colleagues at the brand new Oxnard College Library for the annual professional development day by the Gold Coast Library Network, as we focus our attention on social media tools. We will have presentations by three colleagues about their distinct services and we urge you to bring your own experiences and questions to share. Each of us can all take away new ideas to serve our own communities.

Take advantage of our first-ever program at this unique facility by joining a tour of the library following the presentations.
